

## ALASKA DOC ENTRY POINT SCREENING QUESTIONNAIRE FOR COVID-19

EFFECTIVE 07/03/2020

DOC continues to take measures to keep our facilities and offices safe. Therefore, anyone coming into the facility/office will be screened. Please answer the following questions before entering:

1. Do you have **new onset** of any of the following: feverishness, cough, or shortness of breath?

YES

NO

If the answer is yes, and you are in a facility in a community that has community transmission, it is recommended you contact your health care provider for COVID-19 testing.

2. Do you have new onset of **two or more** of the following: chills, diminished sense of taste or smell, diarrhea, fatigue, headache, muscle/joint aches, nausea/vomiting, runny nose, sore throat, or sputum (phlegm) production?

YES

NO

If the answer is yes, and you are in a facility in a community that has community transmission, it is recommended you contact your health care provider for COVID-19 testing.

3. If you were tested for COVID-19; was the result POSITIVE or are you waiting on results?

YES

NO or  NOT APPLICABLE (not tested)

4. Within the past 14 days have you been in close contact with any of the following:

a. Someone who has been identified by Public Health as a close contact and is awaiting test results; or

b. Someone who has symptoms and is awaiting test results; or

c. Someone who has tested positive for COVID-19?

*(Note: Close contact is defined as within 6 feet for more than 10 minutes without wearing personal protective equipment)*

YES

NO

5. Is your temperature at or above 100.4° F?

YES

NO

**If the answer to any question above is YES question, the individual will not be allowed into the facility/office. If the individual is a DOC employee, direct them to contact their supervisor for guidance on when they may return to work**

6. In the past 10 days have you been tested for COVID-19?

YES

NO

If the answer is yes, contact your supervisor before entering the facility to ensure you meet the criteria to return to work.

7. In the past 14 days, have you traveled outside Alaska?

YES

NO

- i. If the answer is yes, the employee must have a negative COVID test result prior to returning to work. While on the work site—including while on breaks, while awaiting entry point screening, or while on solitary posts—the employee must wear a mask, practice social distancing whenever possible, wash hands frequently and clean items and work area on an end-of-use basis for 14 days after returning to Alaska.
- ii. If the employee becomes sick with any of the symptoms listed above, he or she should be sent home immediately. Surfaces in their workspace should be cleaned and disinfected. A list of persons who had contact with the ill employee during the time the employee had symptoms and 2 days prior to symptoms should be compiled.
