VI. Policy
In the event of a prisoner death, the Department shall notify next of kin, promptly provide the public with information regarding the death which is not confidential under applicable law, and conduct a confidential investigation to determine the cause and circumstances surrounding the death as well as any related deficiencies in policies, procedures or practices. Additionally, in the event of an unexpected prisoner death, the Department shall facilitate any investigation conducted by law enforcement authorities and seek a review of the death by the State Medical Examiner.

VII. Procedures
A. Institutional Procedures Following the Unexpected Death of a Prisoner

1. The Shift Supervisor shall implement the following procedures in the event of a prisoner death:
   a. Secure the death scene and the crime scene if applicable. Any cell mate(s) shall be removed from the cell and the cell shall be locked. If the deceased prisoner lived in dormitory housing the immediate living area shall be taped off with evidence tape and an officer shall be assigned to secure the living area until it is released by the Alaska State Troopers (AST). All prisoners in the housing unit where the death occurred shall be locked down or removed to another unit. If the death occurred outside of the prisoner’s cell, or in a common area, the immediate area shall be taped off with evidence tape, all prisoners cleared from the area and an officer assigned to secure the area until it is released by AST.
   b. Assign a death scene officer to maintain the security and integrity of the death scene.
   c. Confirm the identity of the deceased prisoner using a photograph from ACOMS or the institutional file.
   d. Notify the Superintendent or designee of the death. If the Superintendent is unavailable, the Shift Supervisor shall notify AST and the Director of Institutions.
   e. Ensure that lead medical staff notifies the medical provider on call. If the death is a possible suicide or occurred on a mental health unit, the lead medical staff shall also notify the mental health provider on call. If there are no medical staff on shift, the Shift Supervisor shall notify the on call providers.
   f. Photograph the death scene from as many angles and perspectives as possible. Photograph all property removed by AST, including any documents such as suicide notes.
   g. Place involved prisoners in a dry cell in segregation if it appears that the death was caused by another prisoner.
   h. Identify all prisoner and staff witnesses to the death or anyone who may have information relevant to the death.
   i. Secure all of the deceased prisoner’s property stored in the institution’s property area.
   j. Identify and secure documentation of any Individualized Determinations and suicide precautions regarding the deceased prisoner.
   k. Ensure that an inventory of the deceased prisoner’s in-cell property is completed when the death scene or living area is released by AST.
   l. Ensure that all staff involved with the death or death scene, including medical staff, complete a Special Incident Report, Form 104.01A, pursuant to Policy 104.01 prior to end of shift and before exiting the facility.
   m. Prepare and complete the Death of a Prisoner Log, Form 104.04A.

2. The Death Scene Officer shall:
   a. Secure the death scene to ensure that only authorized persons are allowed to enter the area and access potential evidence. Authorized persons include the Superintendent, Shift Supervisor, AST, the Medical Examiner and others authorized by the Superintendent.
   b. Prepare the Death Scene Access Record, Form 104.04B, and log all scene activity.

3. The lead medical staff at the death scene shall:
a. Notify the medical provider on call. If it appears the death may have been a suicide or occurred on a mental health unit, the lead medical staff shall notify the mental health provider on call.
b. Prepare a final entry in the deceased prisoner’s medical file.
c. Secure all medical records at the institution, including medication administration records (MARs) and prisoner requests for medical care (Copouts), for delivery to the Superintendent by sealing the records in an envelope which is marked with the deceased prisoner’s name and prisoner number and “Confidential Medical Records.”

4. The Superintendent shall:
a. Ensure that AST and the Director of Institutions are immediately notified of the death.
b. If not already present, travel to the institution as soon as possible.
c. Ensure that the death scene is secured until released by AST and the Director of Institutions.
d. Confirm that AST has contacted the Medical Examiner’s office.
e. Secure the institutional file, completed medical record from medical staff, master control log, segregation log if applicable, housing unit log, visitor log, telephone log of calls made by the deceased prisoner, property inventory and all duty rosters and training records of all officers directly involved with the death and all Special Incident Reports pursuant to section A(1)(f) above. Copy all relevant ACOMS information regarding the prisoner including the Offender Basic Information Screen, booking record, custody level, current charges, legal status and bed/housing assignments, property inventory form and prisoner account statement. Ensure that copies of the above records are provided to AST upon request.
f. Make three copies of all video of the death scene for a minimum of 24 hours preceding the death and until the death scene is released by AST and any video which has relevance to the death or which is requested by AST. One copy shall be provided to AST upon request and two copies shall be secured for the death investigation team.
g. Make three copies of all photographs taken by the Shift Supervisor pursuant to section 1(h) above. One copy shall be provided to AST and two copies shall be secured for the death investigation team.
h. Notify the Statewide Chaplaincy Coordinator of the death and of the deceased prisoner’s next of kin contact information.
i. Ensure that the Death of a Prisoner Log, Form 104.04A, and the Death Investigation Checklist, Form 104.04D, are completed.
j. Send a copy of the SIRs to the Director of Institutions, Health Care Administrator and the lead Assistant Attorney General assigned to represent the Department.
k. Contact the Chief Mental Health Officer to make arrangements for a Critical Incident Stress Debriefing.

B. Notification of the Death of a Prisoner

1. The Statewide Chaplaincy Coordinator or designee shall determine who shall notify the next of kin and shall complete the Chaplaincy Deceased Prisoner Notification Log, Form 104.04C. This notification shall include:
a. The date and place of the prisoner’s death and whether the death was from apparent natural causes or is under investigation.
b. That a review by the State Medical Examiner is taking place to determine the specific cause of death.
c. That, in the case of an unexpected death, an AST investigation is taking place.

d. The procedures to secure the release of the deceased prisoner’s personal property and monies on account.

e. That the next of kin can make arrangements with the Medical Examiner for the disposition of the remains, the procedures to apply for General Relief Burial Funds if the next of kin does not have the resources to make arrangements for the remains and that, the Department shall pay to have the remains shipped to the original place of arrest or to a place otherwise approved by the Director of Institutions if the cost is comparable to the original place of arrest.

f. In cases where no next of kin is noted in the prisoner’s file, the Statewide Chaplaincy Coordinator shall make every effort to locate next of kin. This may include working with law enforcement agencies, medical providers or others with knowledge of the prisoner.

2. Media Notification

a. The Director of Institutions shall notify the PIO of the death.

b. The PIO shall issue a press release regarding the death immediately after it is determined by AST that the release will not affect their investigation. Until next of kin are notified of the death, this press release should state only that a prisoner death occurred and the facility where the death occurred.

c. After the deceased prisoner’s next of kin are notified, and after it is determined by AST that the release will not affect their investigation, the PIO shall issue a press release which states only the name of the prisoner, the facility where the death occurred, and whether the death appeared to be by natural causes or if a criminal investigation is pending.

d. After the Department’s Internal Death Investigation is completed, the PIO shall issue a press release which provides the State Medical Examiner’s final determination of cause of death (natural, accident, homicide or suicide).

e. All media or public records inquiries regarding a prisoner death shall be referred to the PIO.

C. Department's Internal Death Investigation

1. The Director of Institutions and the Health Care Administrator shall appoint a Death Investigation Team whenever an unexpected death of a prisoner occurs. If the death appears to be a suicide or otherwise involve mental health issues, the team shall include the Chief Mental Health Officer or designee. The Commissioner shall appoint a lead investigator who shall ensure the completion of the Death Investigation Checklist, Form 104.04D.

2. The Death Investigation Team shall:

a. Proceed to the institution as soon as possible to begin the investigation.

b. Review the Death Investigation Checklist, Form 104.04D.

c. Inspect the death scene and take any additional photographs or video.

d. Review video and photographs secured by the Superintendent.

e. Review all incident reports, files, logs and documents secured by the Superintendent.

f. Review all relevant ACOMS information regarding the prisoner.

h. Interview all witnesses and any staff member or prisoner who may have information relevant to the death. All prisoner interviews shall be recorded. All staff interview notes shall be preserved.

i. Inspect all property of the deceased prisoner including in-cell property, hobby craft items, property inventory and prisoner account statement. Property in
the possession of AST shall be inspected and photographed. The Statewide Chaplaincy Coordinator shall facilitate the release of any property not required to complete the investigation.

j. Contact the AST to determine the status of the AST investigation and obtain and secure any documentation from AST.

k. Contact the Medical Examiner and obtain any reports, including initial findings and final autopsy report.

k. Provide a copy of the deceased prisoner’s medical file, autopsy report and all other relevant reports to the Department’s Chief Medical Officer for review. The Chief Medical officer shall prepare a report regarding the manner and cause of death which shall include an explanation of the deceased prisoner’s medical conditions which may have contributed to the death and any other significant medical conditions or circumstances.

3. The Lead Investigator shall ensure the final Death Investigation Report is completed and distributed. The report shall be prepared as a memorandum to the attention of the Assistant Attorney General who is the lead attorney assigned to represent the Department and shall be marked “Confidential – Attorney-Client Communication.” The Death Investigation Report shall include sections as follows.

a. Overview. This section shall provide a brief overview of the circumstances surrounding the death.
